

**BOLD BREAK
FOR LIBERTY****BY THIRTEEN CALIFORNIA
CONVICTS.****Turnkey Killed and Two Guards
Wounded — Prisoners Seize
Quantity of Ammunition — Are
Still at Large.**

Folsom, Cal., July 27.—Thirteen prisoners confined in the Folsom penitentiary made a successful break for liberty at the breakfast hour this morning. After a fierce fight in the captain's office, during which Turnkey Cochran was fatally stabbed, Guard Cotter killed and another officer wounded, the convicts seized a quantity of arms and ammunition and using the warden and other officers for a shield from their pursuers, made good their escape. To night it is believed they are making for Bald mountain. State militia was ordered out by Governor Pardee and have gone to the scene.

The break occurred about 7 o'clock this morning. The convicts made immediately for the office of Captain Murphy. There they seized Warden Wilkinson, his grandson, army Wilkinson, Captain Murphy and several other officers and guards. A desperate fight took place. The convicts were armed with knives and razors and with these assaulted the warden and officers. The warden's clothes were slashed into shreds with a razor, but the blade did not touch the flesh. Turnkey Cochran fought the convicts with a chair, but he was felled by a knife thrust in the back. Guard Cotter was cut in the abdomen so that his entrails protruded and he died this afternoon, while Guard Palmer was severely cut in the head. He floor of the office was covered with blood.

The officers were easily outnumbered, then using the officers as a shield the convicts started for the armory post on the outskirts of the penitentiary grounds. They passed a Gatling gun on one side of the walls, but the guards were afraid to fire on the convicts for fear of killing their captives. When the armory post was reached officers then attempted to interfere, but were quickly overcome. Prisoners supplying themselves with rifles, knives, pistols and ammunition, a dash for the country was made.

Two convicts, each armed with a rifle, marched one on either side of Warden Wilkinson, who was threatened with death if he made an attempt to escape, and officers were told that if any of the pursuers took the life of a convict they would retaliate, life for life. At Mormon bridge, a mile from the penitentiary, the warden, his grandson and Murphy were released. The others were marched along with the convicts. Further on the convicts went to a farmer's house, seized his four horse team and wagon, robbed the house of everything of value, took the farmer with them as driver and headed for Bald mountain.

On his return Warden Wilkinson made a statement of the affair substantially as told above. He exonerated the guards on the walls for not interfering, as such interference would have resulted in further loss of life.

Placeville, Cal., July 27.—According to a report received here a fight between the escaped convicts from Folsom and a posse has taken place near Pilot hill and two convicts were killed, he convicts are said to have scattered and are making for the woods. Before the fight took place the convicts, who had picked up a number of citizens enroute and compelled them to join their party, plundered a general merchandise store at Pilot Hill.

DEATHS.

Radeor, Pa., July 27.—J. F. Kimball, president of the Norfolk & Western railroad, died at his country home here to day after an illness of about a month following an operation.

Council Bluffs, Iowa, July 27.—Finley Burke, a prominent lawyer, died at Mercy hospital this afternoon, following an operation for appendicitis. He was one of the foremost lawyers of Iowa and prominently identified with politics in western Iowa.

THIRTEEN PEOPLE KILLED.

London, July 27.—Thirteen persons were killed and a score injured in a railway accident in Glasgow, where an excursion train from the Isle of Man crashed into the buffers at the station. Two cars were derailed in the crash. Among the killed were members of one entire family.

SOMNAMBULIST INJURED.

Virginia, July 27.—John D. Mabel, a well known young farmer residing south of this city, fell from the second story window of his home last night about midnight and was badly hurt. The principal injury is to one of his lungs, although it is thought possible he may have suffered a concussion of the brain. He has been unconscious most of the time since his fall and cannot explain how the accident happened.

It is supposed he arose from his sleep and walked out of the house. His brother, Newell Mabel, was awakened by the fall and rushed to his aid. He was found lying on the ground, his head against the wall. He was taken to the hospital, but died before he could be removed.

BRIBERS SENTENCED**Former Members of St. Louis
House of Delegates Will Go
to Penitentiary.**

St. Louis, July 27.—Judge Ryan to day passed sentence on five former members of the house of delegates convicted of bribery and perjury in connection with municipal franchise deals, as follows: John A. Sheridan, bribery, five years; T. Edward Albright, bribery, five years; Jerry T. Hamman, bribery, five years; Louis Decker, perjury, four years; Emil Hartman, bribery, five years. All filed a plea of guilty in the sum of \$10,000.

ARMY REPORT.

Washington, July 27.—The annual report of the auditor of the war department shows that during the year enlisted men in the army made deposits under the act of 1872 amounting to \$3,762,618, and deposits were withdrawn amounting to \$4,862,190, upon which depositors received \$262,578 interest.

During the year \$743,129 was placed to the credit of the permanent fund of the home under the act of 1883, being the amount retained from the pay of enlisted men of the United States army on account of the 12 1/2 per cent fund, fines by general court martial and amount due deserters at large and dishonorable discharged soldiers. There was withdrawn from said permanent fund during the year for current expenses, \$254,000. The amount of claims filed by the several states on account of the war with Spain, \$4,657,027. Of this \$4,225,982 was allowed, \$1,568,359 disallowed, and \$364,366 pending settlement.

INTERSTATE COMMERCE REPORT

Washington, July 27.—The report of the interstate commerce commission on railroad accidents in the United States for three months ending March 31, last, shows 30 persons killed and 2,836 injured in train accidents, including those sustained by employees while at work, and by passengers getting off and on cars, making the aggregate casualties 87 killed and 11,811 injured. There were 1,650 collisions and 1,181 derailments, causing \$1,491,665 damage to cars, engines and roadways.

KING AND QUEEN AT BELFAST.

Belfast, July 27.—The welcome extended to King Edward and Queen Alexandra here was marked by the same enthusiasm which has followed their progress through Ireland. The city was elaborately decorated and thronged with sight seers. The lord mayor and corporation awaited their majesties at the railroad station and presented them with an address of welcome. The king in reply said the highest ambition was to follow in the footsteps of his mother, to make the well being of his people, prosperity of Ireland and maintenance of peace of all nations his constant aim. At the city hall the king unveiled the statue erected in honor of Queen Victoria.

A serious accident happened while their majesties were driving to Victoria hospital which they opened to day. A peasant woman succeeded in passing the cordon of troops and rushed towards the royal carriage. She was knocked down, falling beneath the wheels and was badly injured. She was taken to a hospital.

CYLINDER HEAD BLEW OFF.

New York, July 27.—Two men are known to be dead and six injured, one perhaps fatally, as the direct result of the blowing out of a cylinder head of an engine attached to an ammonia pump in the Jacob Ruppert Brewing company's ice plant, early to day. One hundred and fifty men were at work at the time and soon as the engine stopped working ammonia flowed from the pump the fumes spreading to all parts of the building. Patrolman Gess was overcome by fumes while rescuing unconscious employees from the building and his injuries may prove fatal. The dead: Otto Smith, engineer; John Vincinsky, fireman.

REVENUE COLLECTIONS LESS.

Washington, July 27.—The annual preliminary report of Commissioner Yerkes on the collection internal revenue and the condition of the service shows that for the fiscal year ended June 30, 1902, the total collections amounts to \$230,740,832, a decrease as compared with the year 1902 of \$41,127,007. The receipts from the several sources of revenue are given as follows:

Spirit, \$12,353,472, increase, \$6,315,409.
Tobacco, \$45,514,400, decrease, \$3,421,341.
Permitted liquors, \$5,147,345, decrease, \$21,441,045.
Oleum, \$1,000,000, decrease, \$2,207,700.
Filled cigars, \$4,445,000, increase, \$2,412,000.

Alcohol, \$1,000,000, decrease, \$1,000,000.

FIRE LOSSES.

Norfolk, Va., July 27.—The big barn owned by North Carolina on ocean front at that place was destroyed by fire yesterday. The loss is estimated at \$100,000.

**THE GRAND
CIRCUIT MEET****POOL SELLING BARRED BY
COURTS AT CLEVELAND****Crowd in Attendance Smallest
on Record and Many Horses
May be Withdrawn — The
Events of Yesterday.**

Cleveland, July 27.—Clevelanders were treated to day to the novel sight of the Grand Circuit meeting without pool selling, these courts having declared it would not be allowed. This was the result of a crusade started by the mayor of Glenview, in whose limits the Cleveland track is located. The consequence was the crowd was one of the smallest that has attended the local meetings in years, while fields in the races were also smaller. Numerous scratches are also announced in the races for Tuesday and in one race, it is doubtful if more than three or four horses will start, a race in which there had been twenty entries. The meeting was the first trial of an entire card of two in three heat races. It cannot be said it was a success aside from a speed standpoint, there being no doubt the time attained was better than the old three in five system. The Mond and Louise Jefferson were driven a mile to the pole in 2:14.

ANOTHER FAILURE**E. S. Hooley & Co. Go Under
—News Caused Little Excite-
ment on 'Change.**

New York, July 27.—Failure of E. S. Hooley & Co., was announced on the stock exchange to day. The firm is heavily interested in Evansville & Terre Haute. The stock market opened nervous and unsettled. Some of last week's stocks rallied sharply and one or two standard stocks showed small gains. Toward 11 o'clock there was a nervous advance in prices headed by Lackawanna, New York Central, Brooklyn Rapid Transit, Delaware & Hudson, St. Paul, Pennsylvania, Canadian Pacific and United States steel. The advance continued in the second hour and the market seemed to reflect relief that the unexpected failure had been announced.

Hooley & Co. were especially prominent brokers in the days of the Roswell Flower bill campaign. They were specialists in Evansville & Terre Haute and Des Moines & Fort Dodge securities. In exchange circles the suspension caused little surprise. In fact the announcement had been discounted.

The Hooley failure was regarded as an inevitable sequel to that of W. L. Stowe & Co., which came last Friday. The failure of Wm. Bassett of Boston, was wholly unimportant—one of the day's incidents. The assignee of Hooley & Co. would make no statement for publication and it was impossible to learn the extent of obligations. In conservative circles the firm's liabilities are placed at about \$3,000,000. It is known Hooley & Co. had offers of help from high quarters but deemed it advisable to decline.

The firm of Hooley & Co. was organized in June, 1902, and consists of Edwin S. Hooley, Frank E. Brumley and Norbert Hinechimer. They acquired control of the Evansville & Terre Haute two years ago. Hooley and W. L. Stowe were dominant figures in the Des Moines & Fort Dodge, leased to the Rock Island road in 1887 for eighteen years.

About noon announcement was made of failure of Bassett & Co., members of the Boston and New York stock exchanges. The failure is regarded as comparatively unimportant.

In a statement issued after the close of business to day Assignee Nutter said the secured indebtedness of Wm. Bassett would aggregate \$300,000 and unsecured, \$300,000.

MILLER GOES TO WORK**Book Binders Working Under
Protest—Civil Service Com-
missioner Interviewed.**

Washington, July 27.—W. A. Miller assistant foreman of the book binding department of the government printing office, resumed his duties this morning. Miller was assigned his work in charge of men who had been waging a vigorous campaign against him, but these men, acting under decision of the union, continued at work technically "under protest." No radical action of any sort is now contemplated. Public Printer Palmer said to day the charges are not being investigated and would not expect under certain circumstances, which he declined to specify.

There was a long discussion at a meeting to night at the Typographical hall of the situation arising over the reinstatement of Miller. The meeting was attended by members of the binders union and allied organizations and President Gompers of the Federation of Labor. No definite action was taken, evidently being the intention to await the action of the public printer on charges of unfitness preferred against Miller. Members of allied organizations feel the presidents ruling in Miller's case practically makes the government printing office an "open" shop, in which men or women may be employed whether members of the union or not. They are anxious the chief executive find some way in which his ruling may be modified.

A committee representing labor unions of the city to day called upon the civil service commission to make inquiry as to whether a certificate of reinstatement would be issued to members of unions employed by the government in case they should go on a strike. The commission replied that the "bridge would be crossed when reached."

CAN'T FIND BANK CASHIER.

Pieter, Iowa, July 27.—No trace has been found of E. C. Hutchinson, cashier of Hutchinson's private bank. And the assistant cashier, Harry Smith, who disappeared when the bank closed Wednesday. The shortage so far discovered is placed at \$25,000. Only \$21 was found in the bank's vaults.

JETT WHITE TRIAL.

Cynthiana, Ky., July 27.—The first day of the second trial of Charles Jett and Jett White to the murder of James H. Ford, was without special interest. Jett, one of the jury began but did not finish the case. The case was adjourned.

**ALL IS QUIET
AT DANVILLE****TROOPS GO FROM SPRING-
FIELD SUNDAY****Story of Saturday Night's Riot
—Revised List of Killed and
Injured—Statement From the
Sheriff.**

Danville, Ill., July 27.—Four hundred soldiers with fixed bayonets kept peace in Danville. Two thousand people were walking the streets behind picket lines, visiting the scenes of the mob's tragedy of Saturday night. From ranks of excited citizens sounded the jeers at the troops and cries of eviction for the negroes of Danville and threats of vengeance on Sheriff Hardee Whitlock, who, with his handful of deputies, withheld the lynchers from wreaking fury on five other black prisoners in the county jail. The common fear is that Danville is on the verge of a race war of disastrous proportions unless immediate measures for quelling the intense feeling are taken.

Two killed and twenty-two wounded, the police station wrecked, the county jail with few of its windows left unshattered, the city in the hands of state troops and a feeling of uneasiness and dread prevailing everywhere, was the situation left by the race riot of Saturday night and Sunday morning. The revised list of the killed and injured is as follows:

Thede ad: John D. Metcalf, negro; lynched and burned.
Henry Gatterman, killed by negro Metcalf.

The injured: John Devore, right thigh mangled by load of buckshot.
Aldem Murray, shot in forehead; will recover.

Clarell, buckshot in right leg.
Clément Mobaker, buckshot in right leg and arm.

Edward Hart, shot in right hand.
A. Swafford, injured internally.
Fred Lorenz, buckshot in legs.

W. La-verne, buckshot in both arms.
Harry Rennieck, of Taplin, Ill., buckshot in left foot and leg.

Two unknown men, wounded in the arms and hands with buckshot; refused to give their names when their wounds were dressed.

Unknown young man, wound in head; refused to give name.

Four unknown negroes, beaten into insensibility by the mob.

Unknown woman, carried away in a buggy after she had been shot with a buggy, after she had been seen to fall.

H. Hines, shot in neck.
Otto Helms, shot in arm.

Many of the injured are at the hospital. Arrangements are being made for the funeral of Henry Gatterman.

MAY CALL GRAND JURY

If the conditions warrant Circuit Judge M. W. Thompson declares he will impanel a special grand jury at once, and he is personally inclined to believe that the ends of justice will be obtained if the ring leaders are held to the regular grand jury, which meets in October. The judge is consulting with public officials and will render a decision on the special grand jury later. The situation is considered extremely grave by the authorities. The outbreak is the culmination of a feud between the whites and blacks, the fires of which were fed by successive outbreaks of bloodshed and violence.

SHERIFF'S STATEMENT.

Sheriff Whitlock said to day in giving his version of the shooting into the mob: "After I saw from the jail that the mob was determined to attack, I went to the veranda and attempted to talk to the mad-dened men. As I stepped into view of the crowd two bullets were fired, one striking the wall back of me. I fired two shots in the air. Some one shouted that I was only bluffing and that I was shooting blank cartridges. I warned the mob that I would resist an attack on the jail with powder and lead. There was another shot from the mob and it surged forward.

I then fired a shot from my shotgun into their legs. This drove them back, but they returned a moment later to attack the front door. I was alarmed for the safety of my wife and children. My wife took a gun and said she would stand by me. I got her and the children out of the way and then the leaders, coming with the mob to batter down the walls, I shot along the wall to make them stop. This accounts for so many being shot in the hands and arms. I fired eight or ten shot in all."

LEAVING OF THE TROOPS

Springfield, July 27.—Troops to be sent to Danville were hurried out of Camp Lincoln this morning about 5 o'clock and were enroute to Danville by the morning train.

Assistant Adjutant General Roy R. Reed, who was with the troops, said that the troops were sent to Danville to keep peace and to prevent any further outbreaks.

**PREPARING FOR
THE CONCLAVE****MEETING WAS HELD BY
FIFTY-TWO CARDINALS****Gibbons Receives Marked At-
tention From His Foreign Col-
leagues—Talk of Compromise
on New Pope.**

Rome, July 27.—At to day's meeting of the congregation fifty-two cardinals were present and all noticed the exceptionally cordial reception accorded Cardinal Gibbons, who was visibly touched by it. He thanked all his colleagues and embraced Cardinal Satolli. The American cardinal has given no indication of his predilection in regard to the election of a new pope, and has refused to see newspaper men. When lots for apartments were drawn Gibbons drew No. 5, the modest apartment of Commendatore Pucelli, master of the house. It is very plainly decorated and furnished in the simplest manner.

The Vatican resembles an hill, so feverish is the work of preparing a part of that building set aside for the conclave. Assurances have been given everything will be in readiness for Friday night, but there is much to be accomplished. The cardinals at the meeting to day again discussed the advisability of sending a note to the powers regarding the condition of the holy see, but no decision was arrived at. If the cardinals determine to send a note it will probably be delivered to the diplomatic body Thursday.

TAL OF COMPROMISE

In well informed circles Cardinal Angelo Di Rietti, pro datary of the late pope is being talked of as a compromise candidate for pope. He would it is said be a representative of the Rampolla-Gotti faction and yet would be fairly satisfactory to all. It is now practically certain all cardinals will be present at the conclave except Moran of Sydney, who will not reach Rome in time and Celeste of Palermo, who is too ill to attend.

EVERYTHING QUIET.

Everything is quiet to night, but threats are made of what will happen when the IsortpeavshrdutIOYanltajfuss, and the troops leave. Two companies were ordered home to night, but the others will remain until all danger is passed. The bar association to day adopted a resolution condemning the mob and endorsing Sheriff Whitlock.

TROOPS REACH SPRINGFIELD.

Springfield, July 27.—Companies A and B, Seventh regiment, relieved from duty at Danville to day, arrived at Camp Lincoln to night and received an ovation from their comrades. It is probable companies H and I, still at Danville, will be ordered back to morrow or Wednesday.

WILL FORM BIG COMPANY.

Pittsburg, July 27.—Arrangements the being completed for the formation of the National Coal and Coke company, with \$5,000,000 capital, which which practically take the place of the Frick Coke company in general coking business since the latter has practically withdrawn from the market.

CAUSED BY JEALOUSY.

Philadelphia, July 27.—Joseph B. Reitz, aged 45, to day, angered by jealousy, shot and probably fatally wounded Lillie Jane, and seriously wounded the latter's divorced husband, Charles Knap. Reitz after shooting the couple committed suicide. Reitz and the woman were living together. Knapp went to their house and a quarrel and the shooting resulted.

MANCHURIAN QUESTION.

Washington, July 26.—While there has been a lull in Manchurian negotiations during the past week, it is stated that up to this point satisfactory progress has been made and there is every reason to believe that before the first of September a treaty will be ready for signature, which will define trade opportunities of the United States in Manchuria.

An authorized statement on the situation is: "The question of opening new localities to trade in Manchuria has been in substance satisfactorily arranged with the Chinese government and nothing remains to be settled, but the question of date when said localities shall be open. This naturally will be subsequent to exchange of ratifications of treaty in which opening is agreed upon."

PAST HEAD COUNCIL.

Bloomington, July 26.—Announcement is made by the executive council of the Modern Woodmen that Lieutenant Governor Northcott, of Greenville, has been appointed past head consul at a salary of \$4,000 a year. He will write a history of the order, revise the ritual and deliver addresses in behalf of the organization.

NEGRO ATTACKS WOMAN.

Logansport, Ind., July 26.—An unknown colored man to night attempted to assault Mrs. Joseph Wats, wife of a prominent farmer near here. Threshers on the farm heard her screams and started after the assailant, chasing him several miles and firing a number of shots. He escaped into a grove and is believed he is badly wounded, as blood was left on his trail. The pursuit will be resumed in the morning and a lynching will probably follow capture.

LOCAL TRADE UNION WILL GO

There Labor Day.

The Labor Day committee of the Trades assembly met Sunday morning to hear the final report of the transportation committee. The reports were received and Peoria, Springfield and Decatur were considered. Chairman Reeve called upon the members of the committee to express their opinions as to the desires of the public, and they were practically unanimous in favor of Decatur. A vote was then taken on whether the local organization should celebrate Labor Day in Decatur or some other city. The result was unanimously for Decatur.

As far as can be remembered this will be the first excursion ever run from this city to Decatur by any organization and it promises to be the greatest excursion of the season. The rate will be \$1.25.

Decatur is a beautiful city and will be an ideal place to celebrate. There is a beautiful park and many other attractions. The celebration will be a large one, Frank Morrison, secretary of the American Federation of Labor, being announced as the principal speaker. There will be other prominent speakers, as well as three good bands: Goodman's of Decatur, the Watch Factory band of Springfield and Jeffries' Concert band, which will accompany the Jacksonville delegation.

Arthur Kessler was elected grand marshal of the Jacksonville delegation. The transportation committee will go to Decatur Sunday to consult with the committee there and make the final arrangements. The assistant marshals will be Will Wood, Abe Wood, W. H. Braner and John Pickle. The transportation committee includes W. H. Braner, chairman, George Chambers, Frank Correia, Will Wood and Abe Wood.

LIKE FINDING MONEY.

Hatch's Drug Store Offers Popular Medicine at Low Price.

Hatch's Drug Store Offers Popular making an offer that is just like finding money, for they are selling 60 boxes of Dr. Howard's celebrated medicine for the cure of constipation and dyspepsia for 25c. In addition to this large discount, they agree to return the money to any purchaser when the specific does not cure.

It is quite unusual to be able to buy 60 cents' worth of a quarter, but that is what this offer really means. It is only recently through the collection of Druggists Hatch that this medicine could be bought for less than 50 cents. They stand the proposition, allow them to sell it at these reduced price for a little while, and you will retain a good amount. The real reason for this great reduction is that the sale has been something like a lottery, with the prize being the 60-cent box of medicine for 25c. The offer of any lot of 60-cent boxes is available only to the first 100 who call.

JACKSONVILLE WINS

Quincy Defeated in Hit and Run Game by Score of 20 to 19.

Jacksonville won Sunday's ball game, 20 to 19. A number of people went out to the West Side park to see Jacksonville and Quincy play ball. Many expressions of sympathy went out to the Quincy boys, who were fated to meet the local team, which had played such a brilliant game against the Barry team on the Sunday previous. The Jacksonville boys had not defeated this team at four different times, already this season and they had all resolved that this would be the greatest clean up ever. At the end of the first inning the "clean up" seemed to be coming the other way, as Quincy managed to hit Abernathy several times, and scored five runs to Jacksonville's one. But everybody got down to playing ball in the next inning and this continued through the fifth inning, the locals hanging up four blanks for Quincy, while Jacksonville added three in the second and three in the fourth, making the score 7 to 5, at the end of the fifth. This big lead in the score so early in the contest took all the life out of the game and the audience began to grow weary, but the first half of the sixth opened up the big show and from then on until the close of the game matters took on the semblance of a vaudeville performance and the crowd kept up a roar until the twentieth run was made. In the first half of the sixth Quincy went to bat and Brown was the first man up who sent the ball out for a two-bagger. E. Silvers got a base on balls. Puester set the sphere out for two bases, bringing Brown in. Then Franz drove a grounder down to third but Franz was at his post at all times Sunday and it was sure fate to put anything in his direction. Thenhaus was out at first and J. Silvers started a quintet of singles that hit in most any old place with no one in sight and every hit meant a run. Having batted around once with only one out Brown led off again, got his base or balls. E. Silvers got another hit Puester got to first on an error and every time a man went to first another would cross the home plate until finally Ernst fearing that the fast sprinting around the bags would wear out his team let them catch him at second and Thuma hit a grounder to Abernathy, who stopped him at first retiring the side after sixteen men had gone to bat and thirteen runs had been made. It took several minutes for the audience to get their breath after their long lull in the first half of the sixth. But the locals have always been equal to the occasion, if they have to play ball to win a game all that is necessary is to pass the word. The held a council of war and decided the only hope would be to bat it out. The second half of the sixth looked sick for Jacksonville with the score 18 to 7 in favor of the visitors. Livingston got his bat and stepped up to the plate. To worry the pitcher into giving him a base on balls was too feeble a proposition under the circumstances and the second ball up he hit so hard that Quincy's left fielder wanted to see if it was going to stop before he started after it. "Liver" stopped on third. Cadigan thought that was a long drive but he saw space between the horizon and where "Liver" set his ball and he laid the ball out there for a three bagger. Magill poked the ball through a vacant space near third and Hagel flew out to Puester. Franz laid out for two bases. Hackett was hit and went to first and Kennedy walked on balls. Abernathy slugged her out for two bags; Hanchen laid off two rare bags and all the time some one was crossing the home plate. Livingston again led off in the second half with a lucky single and Cadigan came on once again. The cows that were grazing out near the railroad backed up another hundred yards during this

inning and from all appearances one might have thought the ball game had developed into a contest for long drives by a golf club. Cadigan hit the ball so hard that it stopped just before he got back to the home plate. Magill flew out to Brown, retiring the side after thirteen men had gone to bat, knocking out two Quincy pitchers, breaking five bats and bringing in nine runs. The score stood 16 to 18 in Quincy's favor. In the seventh inning Mike Hackett went into the box for the locals and held them steady to the end. Quincy made one more in the eighth and Jacksonville made another in the seventh and three more in the ninth, with only one out, making the final score of 19 to 20. The score:

MARRIED AT LAKE BLUFF

Nuptials of Dr. W. P. Duncan and Miss Tunison of This City.

The Sunday Chicago Tribune contained the following account of the marriage at Lake Bluff of Dr. Wm. P. Duncan and Miss Ada Florence Tunison, both members of prominent families of this city:

Lake Bluff, Ill., July 25.—A very pleasant event of the week at the fashionable summer resort of Lake Bluff was the marriage on Tuesday evening in the Methodist church of Miss Ada Florence Tunison and Dr. William Percy Duncan, both of Jacksonville. It was a large and brilliant affair. Rev. J. G. Evans officiated, assisted by Rev. Mr. Fisher. Miss Estella Reed Tunison was maid of honor, Misses Mary Ruddick Thompson and Elizabeth Tucker Mathers were bridesmaids. Dr. C. E. Boys was best man and Warren Henry T. Nelson and T. Rhea Maxwell ushers. Irene Thompson was flower girl and Grace Wilson ring bearer. Misses Minnie and Tessa Huckleby, of Jacksonville, were also attendants. Miss Lela Smith played the wedding marches. The bride wore a lovely wedding gown. She is a daughter of H. C. Tunison a summer resident here. The out of town guest list was large.

Both young people are well known in this city and Dr. Duncan graduated in June from the Northwestern Medical school and he also has a degree from Illinois college, having graduated from the latter institution in 1900. Since finishing his professional course he has been admitted to practice in the states of Illinois and Alabama. He has decided to locate for practice in the south and will probably open an office in Birmingham, Ala.

Mr. Duncan is certainly well prepared for his life work and he certainly has a companion who will prove a help-meet in the truest sense of the term.

AN OUTING IN MICHIGAN.

Mrs. Lottie Greenleaf, Misses Mabel Hayden and Bertha Anderson and Rev. T. H. Marsh will leave this morning for Chicago. At Bloomington they will meet Rev. Mr. Osborne, pastor of the First Baptist church of that city, who with his wife and several others will join the party from here. From Chicago they will go to Saugatuck, Mich., to spend a month at that resort. Mrs. Greenleaf will leave the party at Chicago and go on to Kalamazoo, where she will visit her sister, Mrs. C. D. Pinckney for several weeks. Miss Nettie Hayden will join the party at Saugatuck a week later.

NOTICE.

All members of the Men's Social league who wish to attend the ball game may leave their lunch baskets at DUNCAN park in care of W. Moser. Please have them properly tagged.

JUSTICE COURTS.

C. W. Whalen and Jack Delaney appeared in Squire Gray's court Monday and paid \$3 and costs for one drunk.

In the same court Fred Herman and John Bailey were each fined \$5 and imprisoned on charges of assault and battery.

No Gas!

No Soot!

No Smoke!

It is a Fuel Saver that has stood the test of many hard winters

In the smallest furnace, the air, introduced and heated for the purpose of promoting combustion, travels nearly twenty feet in a channel encircling the hot fire bowl lining before being discharged upon the burning fuel. We do burn the bulk of the soot and carbonaceous gases, even when the commonest coal is used. It does this by means of more effectual combustion of the fuel in the fire bowl. It extracts a greater amount of heat from a given amount of fuel, and burning the fuel more thorough and reduces the wasting of fuel through the smoke outlet.

We have put in nearly 300 furnaces in Jacksonville and Morgan county and refer you to users of our furnaces for recommendation. We have eight unfinished contracts for this season.

PATENTS

Patents Secured for Mor-
County Citizens.

Charles A. Barnes has re-
ceived two patents for Mor-
county gentlemen which will
improve of great value to the
patentees. One of the pa-
tents is an improvement in re-
frigerators secured for Charles E.
Barnes, of Woodson. It is a sim-
ple but regarded none the less
valuable.

Other patent was secured for
J. Wheeler and John J. Bull,
Nortonville, and is an improve-
ment in expandable augers, by which
a hole can be larger inside than
outside. Those who are familiar with
the needs in this line say that the
invention is not only practicable but
will fill a long felt want.

\$48.10 to Portland, Ore., Seattle and
Tacoma, Wash., Victoria and Van-
couver, B. C., and return via THE
ALTON, Aug. 18 to 14, inclusive.
Final limit Oct. 15, 1903.

ACCUSED OF KILLING FATHER.

East St. Louis, July 21.—Frank Grego-
ry, aged 18, is under arrest here charged
with having murdered his father. The
boy's father, E. C. Gregory, was at work
near a grain elevator yesterday when
the son came across the river in a skiff
from St. Louis and shot the parent with
a rifle, killing him almost instantly.

Young Gregory made no effort to es-
cape and when he was arrested, accord-
ing to the police, he said that he killed
his father because of the latter's cruel-
ty to him.

Bloomington, July 21.—The admission
to probate of the will of Frederick Schuttz
a farmer who recently killed himself,
has revived interest in the case. It was
alleged Schuttz killed himself because of
irreconcilable religious differences with
his wife, who is of the Amish faith. The
will may be contested. The will was writ-
ten a short time before his death and is
covered with blood stains. A verbatim
copy is as follows:

"I will end my life. Goodbye to the
world. I cannot live with this woman
any more, for she wants to control every-
thing. I cannot obey any longer, for I
am nearly worn out. I cannot stand to
work any more, so I shall end my life.
Farewell to all. I will appoint Peter
Ringenberger guardian over my family
without bond. Let each of the children
have one-half of his share after all debts
are paid, and the woman the northwest
quarter of section 2, the home place, as
long as she stays a widow. After her
death it is to go to the children. If she
marries it is to go to the children at
once."

"The administrator will have power to
make loans on the land and pay debts
coming due, but the land is not to be sold
but rented for cash till the younger child
is of age, and then it might be divided
if they all desire it, but the boys shall
have one-fifth more than the girls, pro-
viding they work for the interest of the
property until they are 21 years old, as
Simon did. The girls have considered
themselves of age when 18, therefore the
property shall all be appraised and when
divided, the children that are married
shall have the places they possess. Simon
has already gotten \$1,500. The boys shall
have the first chance on the McLean
county property, providing they work for
the interest of the estate till of age. Their
mother shall have a living out of the
forty as long as she stays single, till
death, but if she marries again will for-
feit all of her income out of this, for she
really don't deserve anything out of my
property for her cruelty to me. I have
shed many a tear over it. Farewell to
the world and all the people. I hope that
everything will strive for peace."

There are rumors that the will is to
be fought in the courts owing to its am-
biguity. The documents indicate in an
indefinite way that there were differences
between the husband and wife, and it is
said by the neighbors that the trouble
was due to his refusal to accept the tenets
of the Amish sect, of which the wife and
some of the children were members.

PASSAVANT HOSPITAL TRAIN-
ING SCHOOL FOR NURSES.

The year for the Passavant Hos-
pital training school for nurses be-
gins October 1st. The course re-
quires two years of study and train-
ing after two months probation (1-2)
36 months, in order to get a diploma.
It is an advantage for applicants to
have had the two months probation
before the classes open the first of
October.

The qualifications demanded by the
hospital management for an applic-
ant to the training school are:
First, good character; second, good
training; third, a school train-
ing that is at least equal to that re-
quired for entrance to a high school;
fourth, the applicant must be at least
20 years old and not over 35 years
of age.

The first two qualifications are de-
manded because nursing is a high
and noble calling and requires the
best endeavors of a true hearted
Christian, possessed of the patience
of Job and the wisdom of Solomon.

Competent trained nurses from
Passavant hospital in Chicago will
have charge of the training school;
besides instruction in ordinary nursing
there will be special courses given
in operative work, cooking for in-
valids and massage. Last winter a
number of the physicians in the city
gave the nurses lectures and they
will continue to do so the coming
winter.

write to Passavant hospital, Jack-
sonville, Ill.—(Morgan county exchanges

SUNDAY SCHOOL
WORKERS

**A Profitable Convention Held
at Salem.**

A precinct Sunday school conven-
tion was held Sunday afternoon at
Salem church, east of the city. It
was one of the best precinct conven-
tions that have been held this year
and the president, Alvin Carpenter,
is deserving of credit for the excellent
program prepared. The speakers
were Rev. M. Wilder, of Pisgah; Dr.
L. A. Reed, Prof. F. H. Hopkins,
Miss Amanda Rawlings and Messrs.
A. C. Rice, T. H. Curtis, Lloyd Craig
and Arthur Swain.

The remarks were all along practical
lines and many helpful sugges-
tions were made that will prove of ad-
vantage in carrying on the grand and
able work of the Sunday school.
There are a number of earnest con-
secrated workers in the precinct and
their efforts in the past have been
productive of the most satisfactory
results. They are not the kind, how-
ever, to rest contented with results
already achieved, but from the in-
spiration received from the meeting
Sunday afternoon they will push for-
ward with renewed ambition and pur-
pose. Excellent music was furnished
for the occasion by Misses Rawlings,
Lukken and Carpenter and Messrs.
Curtis and Ewert.

John Carwell is the newly elected
precinct president.

NOTICE.

Jacksonville, July 22, 1903.
Sealed proposals will be received
by the undersigned till 11 o'clock a.
m. Wednesday, July 29 (and will be
opened at the office of the superin-
tendent at that time) for furnishing
soft coal to the Illinois Institution
for the Blind, until Aug. 1, 1904, the
coal to be delivered through the en-
trance to the institution grounds
known as the "East Gate."

Bids are requested (1) on mine
run coal and (2) on coal screened
over a 3-inch shaker screen; in
either case the coal to be free from
stones and dirt, and to be weighed
on the institution scales (settlement
to be made in accordance with
weights there recorded) and delivered
to the institution coal house as re-
quired by the superintendent.

The party to whom the contract is
awarded must give bond with good
and sufficient security, in the sum
of \$2,000 conditioned on the faithful
performance of said contract, on his
part.

The privilege is reserved of re-
jecting any or all bids, and, after the
contract shall have been awarded, of
rejecting any coal which in the judg-
ment of the superintendent, does not
fully meet the requirements set
forth in the contract to be made in
accordance with the terms herein
given. J. H. Freeman, Sup.

BIRTHDAY DINNER.

A surprise birthday dinner was
given at the home of Mr. and Mrs.
Harry Hopper, Jr., 334 East Morton
avenue, Sunday in honor of Mr. Hop-
per's 24th birthday. He was away
from home when the guests gathered,
and the surprise was complete. The
occasion was very happy one. Those
present were: Mr. and Mrs. Harry
Hopper, Sr.; and Charles, Mr. and
Mrs. J. H. Hopper, Bert Hopper, of
Alexander, Mrs. Richmond and daugh-
ter, Mrs. Clara Rod of Chapin, and
Miss Anna Miller. Mr. and Mrs. Hop-
per received several useful presents
from the friends of the birthday
celebrant.

No man or woman in the state will
be able to look at the picture of
Harry Hopper, Jr., and not be
impressed by his noble features.

THE CHRISTIAN CHURCH

Summer Audiences are Large
—No Cessation of Services.

The summer audiences at the
Christian church are large. The Sun-
day school enjoys the largest attend-
ance in its history for July, averaging
about 300. On Sunday the Juniors
held a temperance rally at 3 p. m.,
followed by an object lesson by the
pastor, Rev. Mr. Thripp illustrated
the evil effects of alcohol on the hu-
man system. Ashley S. Johnson, of
Kimberlin Heights, Tenn., was a vis-
itor during the day and preached
morning and evening. Mr. Johnson
is president of the School of Evan-
gelists, an industrial school, where
young men may study for the min-
istry while working with their hands.

Mr. Johnson has given all his posses-
sions to the work and all property
on the grounds is dedicated to the
Lord. The presence and remarks of
this consecrated man of God will
be long remembered.

The joint young people's meeting
in the evening was largely attended.
All services will be kept up during
the summer. The pastor will be ab-
sent several Sundays, but services
will be held at the usual hours. An
important feature in the summer
Sunday services is the music by a
couple male quartet.

Setting a Fashion.
A New York man tells a quaint
story about a new maid servant he once
employed.

"This maid," he said, "had just come
over from the old country and she was
very green. Everything she did pro-
claimed her greenness. One of her
habits was always to come downstairs
backward."

"I assure you it was a funny sight
to see her descending a staircase slowly
in that way. Her hand grasped the
balustrade for safety, and every little
while she looked round to see how
much farther she had to go."

"Why do you come downstairs back-
ward, Kathleen?" some one asked her.
"Sure, sir," she answered, "that's the
way we always come downstairs in the
ship comin' over. Isn't it the fashion
in America?"

Coral That Shocks.

On the coast of the West Indian is-
lands a curious kind of coral is found,
called "millepore." This has a most
extraordinary property which makes
the people who know it very shy of
handling it. The moment you pick up
a piece a sort of electric thrill runs
through you and an agonizing pain
shoots through your jaws. You feel as
if every tooth and every nerve and
muscle connected with them was
burning. The acute pain lasts gen-
erally for about half an hour and slow-
ly passes off; but the effects do not dis-
appear entirely for hours. The reason
of this curious shock or poisoning is a
mystery.

Sir Loin of Beef.

Though the truth of the story that
King James I. of England once knight-
ed a loin of beef is disputed, the house
in which the ceremony is said to have
occurred is pointed out, as well as the
table on which the sirloin lay. The
scene of the historic feat lies between
Higham's park and Chingford, near
London. It is a curious house with
quaint, low pitched ceilings and a fine
garden with fruit trees of great size.
It was on his return from one of his
hunting expeditions in Epping forest
that the British Solomon is said to
have given practical proof of his favor
for the roast beef of old England.

A Walker's Dam.

In days of old the tinker bold, when
called to mend a pot, would build a
dam of moistened meal around the
leakage spot. The moistened meal thus
was made within due bounds to stay,
but when the solder solid was the dam
was thrown away. And so the meal,
then useless as a Lake Cocchituate claim,
became a symbol; hence to say "Not
worth a tinker's dam."—Roller Monthly.

Manager of Reversal.

"Don't you think you're working too
hard?"
"Well, there's a lot of unfinished
work before me and I've got to cover
the ground in a very short time."
"Better slow down a bit or the
ground will cover you in a very short
time."—Philadelphia Press.

The Pale Woman.

"What makes 'em talk 'bout Death
always ridin' a pale horse?" some one
asked of Brother Dickie.
"Well," was the reply, "any how in
de country but a male would turn pale
to see Death ridin' a pale horse."—Atlantic Consti-
tution.

The Shortest Route.

"Hennessy doesn't have to say his
own name."
"It's more than that. His wife
even tells the waiter when they go out
to lunch together."—Chicago Record-Herald.

At Yakima, in eastern Idaho, the
record number of mosquitoes is re-
ported. It is said that there are 10
million in every acre.

A family in the southern part of the
city employed what they believed to be
a "domestic" Jew. For a few days
she proved to be all that they had an-
ticipated, and everything went smooth-
ly. One day, however, the husband
came down to breakfast and made the
announcement that they must get rid
of the new maid.

"Why, John, you must be crazy!" said
his wife with amazement. "Here's the
best girl we ever had, so respectful and
a fine cook."

"What makes no difference. She isn't
Jewish."

"Oh, well, we'll never miss a loaf of
bread once in awhile. Her folks may
need it more than we do."

"That isn't it. Early this morning I
saw her creep into our room, go to my
pocket, take my pocketbook and empty
it."

"Oh, well, dear, perhaps it's her force of
habit; you know she's been married."—
Philadelphia Ledger.

The First Automobile.

In these days of fast motoring and
high railway speeds it is interesting to
recall that it was in July, 1829, some
little time before George Stephenson
had solved the problem of steam trans-
port, that Sir Goldsmith Gurney made
his famous journey in a "steam car-
riage" from London to Bath and back.
Gurney was a surgeon in Mary-
lebone, greatly given to the working
out of inventions in his spare time, and
it took him some years to complete his
first "motor" in his back yard in Al-
bany street in London. He accomplished
the journey to and from Bath at the
rate of fifteen miles an hour, and there
was only one disturbing incident, when
a crowd assembled at Melksham set
upon the machine and, having burned
their fingers, threw stones and seriously
wounded the stoker. This Gurney
journey stands as the first example of
locomotion by steam in England.

They Paid the Price.

The corporation of the city of Glas-
gow wanted to purchase the Whistler
portrait of Carlyle and in due course
waited on the master of the gentle art
of making enemies about the price
(1,000 guineas). They admitted it was
a magnificent picture, but "Do you
not think, Mr. Whistler, the sum a
wee, wee bit excessive?"

"Didn't you know the price before
you came to me?" asked the master
with suspicious blandness.

"Oh, aye, we knew that," replied the
corporation.

"Very well, then," said Mr. Whistler
in his suavest tones, "let's talk of
something else." And as there was
nothing else of interest to detain the
"corporation" they paid the price and—
trust a Glasgowian—made an excellent
bargain.

Corrosive Ink.

With an impatient grunt the book-
keeper threw away his pen and put a
new one in the holder. "It's terrible,"
he said, "how ink corrodes pens. In
six or seven hours a new pen will be-
gin to scratch. It keeps me busy chang-
ing the blamed things, let alone the ex-
pense. There's money in it for the
man who will invent a noncorrosive
ink." An old man, a bill collector, re-
marked to him: "My young friend, I'll
tell you a sure way to stop your pen
from corroding your pen. Take a few
rusty iron nails and put them in your
ink well. The ink's corrosive acid will
play itself out on the nails, and in con-
sequence your pen will escape. A pen
that only lasts you a day now should,
with my method, last at least a week."
—Philadelphia Record.

Hospitality Pays.

Cities and communities frequently
expand large sums of money in enter-
taining conventions, conferences and
other public gatherings, both because
of a spirit of hospitality prevailing or
through a sinister desire to "advertise
the city." After the affair is over and
the victors have gone their several
ways the people ask one of the other,
"Does it pay to spend money, thus?"
There never was a case of public hos-
pitality that didn't pay, if not in dol-
lars and cents, in the extension and
broadening of that finest of all senti-
ments, the brotherhood of man.—Day-
ton Herald.

His Astonishing Beginning.

"To gratify the curiosity of the pub-
lic, Mr. Dollarhide," purred the young
person with the notebook, "will you
please tell me if the first contribution
you ever sent to a magazine was ac-
cepted?"

The Literary Celebrity smiled slyly.

"I am happy to say it was," he an-
swered.

"Don't dollars for a year's subscrip-
tion."—Chicago Tribune.

pany tonight, is she?—Towns and Coun-
try.

Remembering that the new cook
was going to be a perfect gem, that
she already has the kitchen looking like
a parlor, and that she is a perfect gem,
he said to his wife: "I'll bet she's a
wild cat woman, a dose of poison and
trouble for the money."

LIKE A CURSE

**Awful skin disease of this woman cured in a few
weeks after fifteen years' terrible affliction.**

Note the ghastly despair in the photo taken before treatment.

(Case of Mrs. J. M. Daniels of Winchester, Ky., completely cured by D. D. D. after 7 weeks' application. She had suffered fifteen years.)

See the same features—but note how different when brightened with hope and
happiness, after her freedom from it all.
Reader! This is more than medicine talk. It is humanity to enlighten suf-
ferers about this.

The most virulent skin diseases are conquered—every time—in all cases—
without any exception—clear away in a few weeks—by the brilliantly clever
new skin prescription, "D. D. D." Its work is hardly equalled by any other
wonders of modern medical practice.

We guarantee this to be true

LEE P. ALLCOTT,

Enough has been proven to us—regarding the above case and hundreds of
others—to demonstrate beyond all question whatever that any of the known
forms of skin disease—any eruption or breaking out—must quickly give way
and disappear under the influence of this prescription (known as "D. D. D.").
Cases of Eczema, Salt Rheum, Ring Worm, Psoriasis, Barber's Itch, Acne, etc.,
some of twenty years' standing have been cleared off and permanently cured
in a few weeks. In several cases from one to three years have elapsed and there
has been no relapsing sign of the disease. Hundreds of cases cured since the
prescription has been placed on sale show no signs at all of the previous afflic-
tion, and we fully believe they are permanent cures.

LEE P. ALLCOTT, Druggist.

Have you been—or do you know anyone who has been—in a living hell of tor-
ture with a skin disease? Dispair usually seizes those so afflicted. Many imagine
it is in the blood and too subtle to cure. Doctors have stood baffled and helpless
against Eczema. Half of them think it is worse forms are blood poison. Ninety-
nine cases out of a hundred of manifestations of the skin are purely local. SALT
disease does not BLOOD disease. Healthy blooded people break out as often as any
one, the blood has nothing to do with it in most cases. It is a parasite in the skin
that spreads. This prescription is today completely clearing away—quickly too—
and permanently curing every trace of such parasitic trouble and leaves the skin
soft, healthy and perfect. Call on the above druggists and investigate the unques-
tionable proofs in their possession.

The prescription is sold in above drug stores at \$1.00 for a liberal bottle, and
comes under authentic label of the D. D. D. Company of Chicago, who solely com-
pound the prescription for druggists every where.

TOLD OF HIS HOME

Scott Carter's Opinion of Jacksonville Quoted in Kansas City.

Among the recent Kansas City excursionists from this city was Scott Carter and he seems to have made his presence felt in the Gate City of the west. At any rate a reporter for the Kansas City Star cornered him in the corridor of one of the large hotels of the city and would not let him go until he had answered all sorts of questions regarding Jacksonville and why so many of her citizens had descended upon the recent flood bound metropolis. Numerous other interrogatories were fired at Mr. Carter and to his surprise the next issue of the Star had over a half column interview credited to him.

WABASH EXCURSION

Over 500 Jacksonville People Went to Keokuk Sunday— Boat Was Crowded.

The Wabash excursion to Keokuk and Fort Madison Sunday was one of the largest ever run through this city. Almost 500 people went from this city alone, and these with large numbers from Decatur, Springfield and other points on the line aggregated nearly 2,500 people.

The train was in two sections, the first of which left here at 9:30 with thirteen coaches, including the four set out for the Jacksonville contingent. This train ran from Meredosia to Keokuk without stops, except for orders. It arrived at Keokuk about 1:30, and there waited for the second section, also consisting of thirteen coaches, which arrived about 20 minutes later. Both trains were loaded to the guards. The steamer J. S. left Keokuk about 2 o'clock, carrying about 1,000 people more than she could comfortably accommodate. The passengers made themselves as comfortable as possible under the circumstances.

After an hour's stop at Fort Madison the boat returned to Keokuk, arriving there about 12 o'clock. Much discomfort was experienced on the trip both ways owing to the scarcity of food and drink. During the stop at Fort Madison a raid was made on a small grocery, the hunger of the excursionists being so ravenous that cans of corn were broken open and the contents devoured in their unprepared state.

The first section arrived here at 5:45 Monday morning, the second coming about 30 minutes later.

It was rumored that a girl was struck by the train and killed at a station near Keokuk, and that an infant was smothered to death in the crowd disembarking from the steamer. Neither rumor, however, has been verified.

FUNERALS.

KEATING.

The funeral of the late William Keating, brother of Robert Keating, of this city, was held Sunday afternoon in Springfield at the residence of his sister, Mrs. J. F. McMurphy. At 8:30 o'clock services were held at the Church of the Immaculate Conception. The services were in charge of Rev. Father Hickey. The members of Moulders' union No. 233 accompanied the remains to Calvary cemetery, where the deceased was interred. The bearers were Martin Conroy, Thomas Mahoney, A. Kineth, J. Green and William Ferris.

SPECIAL MATCHED RACE

A great deal of interest attaches to the special matched race to be pulled off Wednesday afternoon, July 29, at the Illinois state fair grounds, as a part of the program of the matinee by the Gentlemen's Driving club of Springfield. The horses entered are Joe Joker, owned by B. H. Brainerd; Fabbio, owned by B. F. Wright and Vandevender, owned by Lester & Wheeler. There will be three other harness races on the card and it will certainly be an afternoon of great races.

THE IN DECATUR.

The elevator of Hubbs, Lewis & Carver at Alexander narrowly escaped a disastrous fire Monday afternoon about 5 o'clock. The gasoline engine exploded setting fire to the frame work in the boiler room, but before it had gained sufficient headway to get beyond control the flames were checked and the damage done will amount to about \$50.

GRAND'S MANAGER HERE.

W. D. Emerson, of Peoria, manager of the Grand opera house, is making a brief stay in Jacksonville. G. P. Ross, of Pekin, who will represent Mr. Emerson in Jacksonville, is also here. Mr. Emerson is manager of the "Illinois Guarantee Circuit," including Jacksonville, Lincoln, Pekin, Belleville, Ottawa and Dixon. The Grand is to open in September and Mr. Emerson states that his bookings are of such high class and of such good variety that an interesting season is assured.

PARK QUESTION IS UP AGAIN

MERCHANTS AND BUSINESS MEN INTERESTED

Subject Being Considered as of Increasing Importance to the City — Excursions Evidence Pressing Need.

The large number of excursions that are run out of Jacksonville during the summer months and the paucity of the number run from neighboring places to this city has been the subject of considerable comment recently among merchants and business men. A number of business men were discussing this subject Monday morning and all were of the opinion that the matter had reached a stage when it should receive more than passive consideration. The strong tendency to take people from Jacksonville while there is no effort being made to bring people to Jacksonville, in the long run, is bound to be felt in business circles. It is not only, however, from a mercenary standpoint that this subject should receive attention, but we owe it to ourselves as citizens to have in our midst an attractive park where the people of the town can gather in the evening after the day's toil, and also an inviting and attractive spot to which visitors can be directed.

Jacksonville could be made a first class excursion town if the proper amount of energy and effort were put forth. The citizens have a reputation for getting things they go after. This fact has been noticeably true in the number of conventions which have been secured for this city since 1900, when the state G. A. R. gathering was secured after sharp competition with Peoria.

In the early spring and fall, the best seasons in the year for excursions, through our state and other educational institutions, we have attractions that are unusual and always prove of interest to the visitor. Impromptu programs are arranged on the shortest notice that give the stranger a clear idea of the methods employed in educating the blind and deaf and dumb and the work shops at these various institutions are always visited with interest.

One of the prominent educators of the city read a paper a few years ago before one of the clubs, setting forth an idea for the commencement season of the year. He suggested that the various institutions arrange for a program extending over a period to be determined by a committee and that for this period a program, musical and literary with speakers and musicians of national prominence, among the number those who under ordinary conditions, would be invited to be here during the commencement season, be secured and during this time special invitations should be sent to surrounding towns and in fact to several parts of the state announcing the program and advertising the occasion. Such a program would mean much to the educational institutions of the city and the effect in business circles, although indirect, would be large.

None of these suggestions, however, are practicable unless Jacksonville has a public park. A park is not an expensive luxury, as a good many people imagine, but rather a convenient meeting place for all the people and admirably adapted to the purposes of public celebrations of any and all descriptions. Several places have been suggested as to location, but this is a matter that is comparatively easy of solution after the citizens have made up their minds that they want a park.

The Andrus property on South Main street, extending through to East street and bounded on the north by the brook and on the south by Franklin street, has been suggested as an ideal spot for a down town park and a small pond of water could be secured by widening the brook and making necessary dams, etc. A tract of land near the pumping station with dams placed in the creek is said by many to be available for park purposes and here a much larger body of water could be secured.

As has been said above it is not so much at present the location, as the desire for a park, that should be agitated. In a comparatively short time a park could be made out of a treeless tract of land, but such a thing is not necessary in a community such as ours and no matter what property should be determined upon for the park site it is not unlikely but that there would be shaded spots sufficient in number to accommodate picnicers and excursionists. The statutes of the state make provision for a per capita tax for park purposes and the limitation is such that the burden would not fall heavily upon any one, while the benefit to the individual and the community at large would be incalculable.

It is safe to predict that if a park was once established in Jacksonville a reputation for cleanliness (it can be kept that way) would be over-

FELL FROM THIRD STORY

Harry Gordon Went to Sleep in Window at Company L. Armory—May Have Internal Injuries.

Harry Gordon, while asleep in the third story of the colored armory over Broadwell's implement establishment on South Main street, fell to the sidewalk Monday night at 10 o'clock a distance of 35 feet. He struck on his side and his left arm was broken. As to internal injuries it will take several days to determine his condition.

John King was talking to Rev. H. H. Dewitt, who was in his buggy near the entrance to the hall and was the first person to reach Gordon. He found him dazed by the fall, but he soon regained consciousness.

Dr. A. H. Kennicrew was at once sent for and after a preliminary examination had the ambulance called and the injured boy taken to Passavant hospital.

Gordon is about 15 years of age and is the son of Mrs. Mary Gordon, who resides on Jordan street. He has been employed at odd jobs around the Smith meat market on West State street. Last evening he went to the armory of Co. L to watch the members drill and took a seat in one of the wooden awnings which projects over the sidewalk just above the first story. In this position he fell asleep and the fall to the pavement below was the result. It is a wonder indeed that he was not killed outright and if he escapes internal injury it will be something remarkable.

ENTERTAINED RELATIVES.

Mr. and Mrs. John Reynolds entertained informally Saturday evening at their home on Webster avenue in honor of Mr. and Mrs. Richard Reynolds. All present were immediate relatives and thirty-four of the Reynolds family sat down to the tables, which had been prepared on the lawn and a very sumptuous repast was partaken of.

ZELL'S GROCERY

READ THIS THROUGH, FOR IT'S ALL TRUE.

The chief causes of a disordered digestion are rapid and irregular eating, improper mastication of the food, overloading the stomach, the use of too much liquids with meals, violent exercise immediately after eating, or a cold settled in the stomach and bowels. The latter is a very common cause, and any person who has become ill from any of the above causes will be pleased to learn that Re-Go Tonic Laxative Syrup, an herbal compound and pleasant liquid medicine, is a quick and certain cure for all diseases caused by a disordered digestion. Re-Go never fails to cure Constipation, Indigestion, Bilelessness, Sour Stomach, Flatulency, Heart Burn and Dyspepsia. It is an agreeable laxative and tonic for all, and especially adapted for children and delicate women. 25c, 50c and \$1 bottles sold by Lee P. Alcott, druggist.
